Principals
Quinns Beach Primary School
5 James Cook Avenue
QUINNS ROCKS WA 6030

Dear Kathryn and Shaun

I am pleased to advise that the Public School Review of Quinns Beach Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. You will receive formal notification in the 2 terms leading up to your school's scheduled review. This notification will be provided in 2029.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

The review team reported that Quinns Beach Primary School has made significant progress since its previous review, underpinned by relational leadership, a cohesive and committed staff and a clear focus on improving student outcomes. High levels of trust and professional collaboration have fostered shared responsibility and genuine ownership of the school's improvement journey. Students expressed pride and a strong sense of belonging, while families spoke positively of the school's caring culture, high expectations and commitment to student success.

I am informed that the seamless co-Principalship, supported by capable leaders across the school, has provided continuity and built staff confidence. Investment in staff expertise, professional learning and coherent whole-school approaches is gaining traction, providing sound foundations for continued improvement in student achievement.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Steve Watson
